

Mike Troutman

CHIEF INFORMATION OFFICER
ZURN ELKAY WATER SOLUTIONS

Mike is responsible for the information technology function and the strategy, delivery, and results for strategic initiatives associated with digital transformation, including the development and the growth of the connected solutions business. He has held this role since 2021.

Mike joined the company in 2007, implementing industry-leading IT solutions, modernizing business processes and leading customer experience functions and initiatives. Moreover, Mike led the company's overall digital transformation, including demand generation and omnichannel IoT-connected products, and numerous technology pilots designed to enhance, optimize, automate and secure business processes. Prior to joining the company, he held various senior information technology positions with Agere Systems (now part of Broadcom, Inc.), Lucent Technologies and AT&T, where he and his team were recognized for ERP excellence and innovation.

Mike was awarded the 2025 Wisconsin ORBIE Award for exceptional leadership and innovation in corporate IT. He earned his BS in computer & information science from the University of Delaware and his MS in management from Purdue University's Daniels School of Business.
