<u>Proposition 65 Warning printing and format requirements for on products, packaging and documentation:</u>

⚠ **WARNING**: Cancer and Reproductive Harm - www.P65Warnings.ca.gov

1. The **black outlined yellow triangle with black exclamation point** is mandated if the package printing uses the <u>yellow color</u> in the printing. If not, the triangle warning can be printed with a **black outline** and **black exclamation point**.
2. The warning triangle must be placed to the immediate left of the warning text and can be <u>no smaller than the word "**WARNING**"</u>.
3. The word "WARNING" must be in all **CAPS** and **BOLD** and followed by a colon.
4. The entire warning must be in a type size <u>no smaller</u> than the largest type size used for other consumer information on the product/product packaging (such as other warnings, directions for use, product usage information, etc.). However, in no case shall the warning appear in a type size <u>smaller than **6 point type**</u>.
5. Package/product labeling should utilize the three language text (English, Spanish and French) as specified. Where printing space is a constraint, the use of three languages maybe reduced. However, if other product information appearing on the package/product contains consumer information in a language other than English, the warning must be provided in the other language(s) as well.
6. This warning must appear on the <u>Product or it's immediate packaging</u>.
