

Todd A. Adams

CHAIRMAN AND CEO
ZURN ELKAY WATER SOLUTIONS

Todd heads the Milwaukee-based leader in sustainable water solutions that enhance health, safety and the environment. Our portfolio includes drinking water, water safety and control, hygienic and environmental and flow systems products for the spaces where people live, work, learn and play. He was appointed chief executive officer in 2009 and elected chair of the board in 2020.

Todd joined the company in 2004 as vice president, treasurer and controller. As senior vice president & chief financial officer in 2007, he spearheaded the acquisition of Zurn Industries and the creation of the company's Water Management Platform, which nearly doubled the size of the business and laid the groundwork for the company's 2021 transformation into Zurn Water Solutions, a pure-play water business.

Before joining the company, Todd held senior financial roles with The Boeing Company, APW Ltd., Applied Power and IDEX. Todd serves as a member of the board of directors of Badger Meter, Inc., is an emeritus member and past chair of Marquette University's board of trustees and serves on the boards of Children's Wisconsin and Hunger Task Force.

He earned his BS in finance from Eastern Illinois University and is a Certified Public Accountant.
